INTERNAL BLINDS

ROMAN BLINDS

A TOUCH OF CLASS.

A time-honoured classic, a Roman blind from Uniline is the ultimate designer statement.

STYLE AND EASE

- A Roman blind combines the functionality of a window shade with the decorative impact of a soft furnishing.
- Easy to use and offer excellent light control.
- Available with or without front battens in a range of colours to complement or contrast with the fabric.
- Suits a wide range of fabric styles and colours.

The Roman style is essentially a series of fabric panels with distinct yet subtle fold lines that give it visual appeal when lowered and create a neat stack of folds when raised. The elegant fabric folds blend seamlessly with traditional decors and can also help soften an otherwise hard-edged modern interior.

Have them custom-made in fabrics from Uniline's ranges and, hey presto, watch your windows come alive.

Choose a translucent fabric for living areas and you'll see how Roman blinds filter natural light for a relaxing glow while still retaining a good level of privacy. Guaranteed to look beautiful for years to come, Uniline Roman blinds come with a five-year components warranty.

THE CHOICE IS YOURS

Made to exacting standards, right here in Australia, Uniline Roman blinds will enhance the look of any window. Here's why:

- The innovative design means that battens are positioned without the need for unsightly staples or stitches, resulting in a quality finish.
- Lifting Uniline's Roman blinds is a breeze thanks to the chain-driven mechanism. Even larger blinds weighing up to 8kg require only minimal effort.
- The self-guiding spool greatly reduces the risk of tangled cords and ensures blinds can be raised or lowered without skewing.
- Child safety is paramount at Uniline and that's why all our Roman blinds come with safety devices.
- Stainless steel cord clips keep the cords firmly in place.

ROMAN BLINDS ARE COMPATIBLE WITH THE FOLLOWING FABRIC RANGE:

EVOLUTION

TEMPO

6TH AVENUE

For more information on the colours available for each fabric category, visit the Uniline website or contact Uniline Customer Service.

IT'S YOUR CHOICE.
