

UNIVIEW

2%, 5% & 10% INTERIOR SCREEN FABRIC

NEW
UPDATED COLOUR RANGE

Functional design never dates, and that goes for **Uniview Interior Screen fabrics**. Now available in 17 common colours in a 2%, 5% and 10% openness factor. We have a solution for all of your windows regardless of aspect. For instance, if you have a western facing window and you want to reduce heat and glare but maintain your outlook, then choose Uniview 2%. If you have a south facing window and want to let as much light in as possible then Uniview 10% would suit; and for everything in between you can't go past Uniview 5%.

Uniview Interior Screen options have varying degrees* of UV protection, great news if you want to help protect your carpet and soft furnishings from fading in the harsh Australian sun. They are also flame resistant and come with an unsurpassed 10 year fabric warranty. For complete privacy at night, why not match with a co-ordinating Dawn Blockout colour in a dual system? Every Uniview Interior colour has a matching Dawn Blockout colour.
